

THE NARRATIVE LEARNING WAVE™

EVERY NARRATIVE BEGINS WITH A STORY.

Stories are fixed. Narratives evolve.

Through inquiry, we create deeper understanding and better narratives.

THE STORY

The event. The experience.
The spark that begins the wave.

KEY IDEA TO REMEMBER

Stories are fixed.
Narratives evolve.

Better questions
create better
narratives.

Better narratives
build a better
future.

DEVELOPED BY *Jeremy Kalbstein*

Better Questions • Deeper Understanding • Better Narratives • Better Futures
